Brad Casemore stated that Michigan Consortium for Healthcare Excellence (MCHE) is a non-profit association that the ten PIHPs assumed in a voluntary transfer of Michigan Association of Coordinating Agencies (MASACA) when Coordinating Agency roles were transferred to the PIHPs. The SWMBH Board approved SWMBH being a Member with the SWMBH CEO as their representative. When SWMBH became a Member of MCHE a Board Policy was related thereto was approved. See attached. That Policy required Board approval for costs paid to MCHE above \$5,000. One of the benefits of SWMBH Membership in MCHE has been group purchasing which provides better negotiating leverage, presumably better terms and conditions and more favorable pricing as well as administrative relief for SWMBH. Many years ago, MCHE did a group purchase of a product and computer Application known as MCG which supports utilization management decision-making statewide. Years ago, the SWMBH Board approved payment to MCHE for MCG. The MCHE-MCG Master Licensing Agreement is now up for renewal for a three-year period. The statewide cost has been reduced from approximately \$500,000 per year to approximately \$300,000 per year. The SWMBH share is \$45,000 conservatively at the upper end. Authorization for SWMBH payments to MCHE for MCG will be proposed at the September meeting.

July 30, 2021

M. Bradley Casemore Southwest Michigan Behavioral Health (SWMBH) 5250 Lovers Lane, Suite 200 Portage, Michigan 49002

Dear M. Casemore:

Thank you for the cooperation extended to the *Office of Recovery Oriented Systems of Care (OROSC)* staff during the July 20, 2021, *State Opioid Response (SOR) Virtual Site Visit.* 

#### PRESENT AT THE SITE VISIT

SWMBH:	Joel Smith, Substance Abuse Prevention and Treatment (SAPT) Director Cathy Hart, SOR Coordinator Achiles Malta, Prevention Coordinator
OROSC:	Angie Smith-Butterwick, Prevention and Treatment Manager Logan O'Neil, Project Coordinator – SOR Two Foua Hang, Project Assistant – SOR Two Danyle Proctor, Opioid Care Liaison – SOR Two David Havens, Project Coordinator – SOR One Jamie Meister, Project Assistant – SOR One Ecole Brooks, Opioid Care Liaison – SOR One Choua Gonzalez-Medina, State Opioid Coordinator – SOR
Wayne State University:	Rachel Kollin, <i>Project Manager – SOR</i> Florentine Friedrich, <i>Research Assistant – SOR</i>

The purpose of the site visit was to verify that *Southwest Michigan Behavioral Health's* (*SWMBH*) *SOR* grant activities and services for opioid use disorder (OUD) are following federal and state requirements to support prevention, treatment, and recovery activities.

#### SOR REQUIREMENTS

*Prepaid Inpatient Health Plans (PIHPs)* must utilize funds within programs for individuals with an OUD to fulfill federal and state funding requirements. *SOR* funds are distributed to increase the availability of prevention, treatment and recovery services designed for individuals with an OUD.

M. Bradley Casemore Page 2 July 30, 2021

#### SITE VISIT FINDINGS

After careful consideration and review of the requirements and documentation submitted, we have determined that *SWMBH* is in substantial compliance with the *Substance Abuse and Mental Health Services Administration's (SAMHSA) Funding Opportunity Announcements (FOAs) and the Michigan Department of Health and Human Services (MDHHS) Contract.* Seven corrections were indicated and related to the *PIHP* at the time of the review. The *PIHP* followed up with documentation to satisfy three of these items. Four items are in the process of being addressed and are outlined below with expected completion dates. As the *PIHP* is already in the process of making the necessary corrections indicated, no *Corrective Action Plan* is requested at this time.

#### Use of Grant Funds

**Requirement:** Recipients must use funding to supplement and not supplant existing opioid prevention, treatment, and recovery activities in their state. Recipients are required to describe how they will improve retention in care, using a chronic care model or other innovative model that has been shown to improve retention in care. (*SAMHSA FOA*)

Action Taken: Additional contract language to clarify this requirement will be added to all *SOR* contracts. To be completed by September 30, 2021. The *SOR* teams request that the documents be sent to them upon completion.

#### Government Performance and Results Act (GPRA) Data Collection

**Requirement:** All *SAMHSA* recipients are required to collect and report certain data so that *SAMHSA* can meet its obligations under the *GPRA Modernization Act of 2010*. Data will be collected via a face-to-face interview using this tool at three data collection points: intake to services, six months post intake, and at discharge. Recipients will be expected to do a GPRA interview on all clients in their specified unduplicated target number and are also expected to achieve a six-month follow-up rate of 80 percent. (*SAMHSA Notice of Award (NOA)*)

Action Taken: Workplans will be updated to eliminate incentive language for *SOR* contracts where *GPRA* is applicable, to be completed by September 30, 2021. The *SOR* teams request that the documents be sent to them upon completion.

#### Eligibility of Individuals

**Requirement:** *SOR* funds for treatment and recovery support services shall only be utilized to provide services to individuals that specifically address opioid\* misuse issues. If an opioid misuse problem (history) exists concurrently with other substance use, all substance use issues may be addressed. Individuals who have no history of or no current issues with opioids misuse shall not receive treatment or recovery services with *SOR* grant funds. (*SAMHSA NOA*) \**SOR Two* may be used to address stimulant misuse as well.

M. Bradley Casemore Page 3 July 30, 2021

Action Taken: Additional contract language to clarify this requirement will be added to all *SOR* fiscal year 2022 contracts. To be completed by September 30, 2021. The *SOR* teams request that the documents be sent to them upon completion.

#### > Treatment – Criminal Justice Population

**Requirement:** [Recipients must] Provide treatment transition and coverage for patients reentering communities from criminal justice settings or other rehabilitative settings. (*SAMHSA FOA*)

Action Taken: Discharge Planning Policy for customers who are incarcerated will be created by October 1, 2021.

Currently, *SWMBH* has all the necessary tools in place to manage, maintain and report on the *SOR* activities and data from their provider network. Their providers will screen individuals to assess their needs and provide or make referrals for interventions as needed for individuals with an OUD.

We greatly appreciate *SWMBH's* preparation for the site visit and their commitment to provide our staff with the necessary documentation.

If you have any further questions, please contact Logan O'Neil, at <u>ONeilL@michigan.gov</u> or David Havens, at <u>havensd1@michigan.gov</u>.

Sincerely,

Larry Scott

Executive Limitations Monitoring to Assure Executive Performance Board Date September 10, 2021

Policy Number: BEL-009 Policy Name: Global Executive Constraint Assigned Reviewer: Ruth Perino

#### Policy

- The Executive Officer (EO) shall not cause or allow any practice, activity, decision, or organizational circumstance, which is either illegal, imprudent or in violation of commonly accepted business and professional ethics or in violation of contractual obligations.
- 2) The EO is accountable to the board acting as a body. The board will instruct the EO through written policies or directives consistent with board policies, delegating to the EO the interpretation and implementation of those policies and Ends.

#### **Executive Officer Response**

- 1) The EO has not caused or allowed any practice, activity, decision, or organizational circumstance, which is either illegal, imprudent, in violation of commonly accepted business and professional ethics, or in violation of contractual obligations. This is evidenced by the absence of evidence or complaint of any of the above to the Executive Officer, Chief Financial Officer, Chief Compliance Officer or Board via Executive Officer self-report, by internal or external reviewers, staff, auditors, or authorities. Ongoing monitoring and surveillance of SWMBH and performance by the EO, SWMBH staff and SWMBH contractors exists, with frequent cross-agency and cross-functional assignments and reports. This strengthens the avoidance and early detection of anything that is or could go amiss.
- 2) The board has instructed the EO clearly and diligently through written policies or formal directives consistent with board policies. The EO interpretation and implementation of those policies and Ends has relied on ongoing monitoring and reporting to the Board, periodic formal consideration of the Environmental Scan, Strategic Plan, Board Ends, Ends Interpretations and Metrics status. This is evidenced by ongoing Board review of specific Executive Limitations Board Policies, regular reports to the Board, and frequent interactions with the Board by other Senior Leaders as well as Board Meeting Minutes.

SWMBH Board Review of Policy Number BEL-009, Policy Name – GLOBAL EXECUTIVE CONTRAINT

In all contractual obligations the CEO must act professionally and ethically and as such is accountable to the Board. The Board has thorough written policies and the CEO has reported periodically to the Board on monitoring of scans, plans, ends, interpretations, and metrics status. The Board is thoroughly engaged and notes that the efforts and compliance of this CEO are exemplary. The report from Brad Casemore in reference to this Policy is specific and further illustrates that the Board is in compliance and that Policy BEL-009, Global Executive Constraint, does not need revision. Executive Limitations Monitoring to Assure Executive Performance For the period July 2020 to August 2021

Policy Number: BEL-005 Policy Name: Treatment of Plan Members Assigned Reviewer: Erik Krogh

**Policy Purpose:** To clearly define the Treatment of Plan Members by Southwest Michigan Behavioral Health (SWMBH).

**Policy:** With respect to interactions with Plan members, the SWMBH EO shall not allow conditions, procedures, or processes which are unsafe, disrespectful, undignified, unnecessarily intrusive, or which fail to provide appropriate confidentiality and privacy.

EO Comment: I broadly interpret "Plan Member" as any past, present or potential future beneficiary of SWMBH-managed supports and services, including MI Health Link dual eligible (Medicare-Medicaid with Aetna Better Health and Meridian Health Plan as Integrated Care Organizations). Strictly speaking, our contractual obligations apply only to those in active Medicaid, Healthy Michigan, MI Health Link enrollment, or in Block Grant substance abuse prevention and treatment services. Enrollee Rights and Protections regulations for Medicaid are codified primarily in the federal Managed Care Regulations directly and via our contract with MDHHS, and in Michigan statute for persons with substance use disorders. Enrollee rights and protections for persons with Medicare, under the MI Health Link program, are similarly codified in federal statute and regulations as well as the SWMBH contract with our two Integrated Care Organizations. Additional privacy, security and confidentiality protections are codified in multiple federal and state regulations.

#### Standards: Accordingly, the EO may not;

1. Use forms or procedures that elicit information for which there is no clear necessity.

EO Response: SWMBH requires no involuntary forms or procedures for which there is no clear necessity of Members other than those required by statutory, regulatory, or contractual obligations. There are no Member complaints known to SWMBH related to this issue for the time period under consideration. 2. Use methods of collecting, reviewing, or storing plan member information that fail to protect against improper access to the information elicited.

EO Response: All electronic and paper member informational files at SWMBH are appropriately and securely stored, with "need-to-know" access to Protected Health Information (PHI) that is limited by job function(s). Managed Care Information System and other electronic storage access to PHI is strictly limited, individually assigned by job functions and auditable by individual. Logins and passwords are required for network and managed care information system applications; passwords are "change-forced" every ninety (90) days.

SWMBH has a designated Privacy Officer (Mila Todd) and Security Officer (Natalie Spivak) as required under HIPAA regulations. SWMBH has a set of privacy, security, and confidentiality related policies. Staff receive, sign acknowledgements for, and undergo annual training that also includes federal regulations related to proper safeguarding and release of information rules for substance abuse information (42 CFR Part 2). Signed staff attestations will be made available upon request of the Reviewer. Paper records are stored in supervised locked cabinets within sight of staff. Both clinical areas of SWMBH are further protected with a digital key lock with restricted access to the pass code. There are no known Member complaints or compliance inquiries stemming from SWMBH related to this issue in the period under consideration.

3. Fail to inform the Board of the status of uniform benefits across the region or fail to assist Participant CMHs towards compliance.

EO Response: The Board has periodically received penetration and access reports indicative of basic Uniform Benefit markers such as readiness of access, timeliness of care, utilization data and other measures. CMHs are able to request this information from SWMBH finance staff at any time to review the data.

There is very little legitimate Michigan PIHP comparative data for benchmarking. SWMBH benefits use exists in the area of utilization, especially where assessment of functioning, level of care and outcome is concerned. We continue to work with MDHHS and counterpart Regional Entities to prepare and present comparative data. Milliman has produced and published an analytic tool which has more comparative data than was available in the past. Multiple evidence-based practices, (trauma informed care, seeking safety, helping men recovery, cognitive behavioral therapy, dialectical behavior therapy, motivational interviewing, parent management training), and member self-support tools, such as MyStrength, have been promoted throughout the region at both the provider and member level. Additional common functional assessment tools have been identified and installed region wide, such as LOCUS and ASAM for adult mental health and adult co-occurring (mental health and substance use disorders). Through various methodologies, including geo-mapping, SWMBH assesses the adequacy of our Provider Network. The MHL network adequacy report has been updated and was recently reviewed by the SWMBH internal MHL Committee for input and feedback. For Medicaid services, SWMBH is contractually obligated to provide network adequacy reports to MDHHS periodically upon request, and to adhere to MDHHS adequacy standards. This allows the SWMBH region to adjust as necessary to member needs. Provider Network is working closely with the QAPI and IT departments to modify a tableau report to track the Medicaid network adequacy metrics so we will have real time data. SWMBH is also able to assess and track any deficiencies with timeliness/access to care with our providers through the MMBPIS. We can identify challenges and barriers members may encounter.

This year's Customer Satisfaction results were favorable and were found to be achieved at the March 12, 2021 Board meeting. There are no Member complaints registered by or to SWMBH related to the issue of lack of uniform benefit for the period under consideration. All member complaints, grievances and appeals are tracked and trended by SWMBH. SWMBH reviews and, if warranted, defends actions on termination, reduction, suspension, or denials of services at the Fair Hearing.

4. Fail to provide procedural safeguards for the secure transmission of Plan members' protected health information.

EO Response: All electronic and non-electronic information transmission activities and network design and protections take place under applicable federal and state law and regulations, and established policies. Staff are instructed to manually encrypt all outgoing emails containing PHI by simply typing "[ecrypt]" into either the subject line or message body. If the outside agency uses Transport Layer Security (TLS), we can instruct our email system to utilize this encryption tunneling protocol instead.

Data transmission with external trading partners occurs via encryption with passwords, inspection of technical systems and actual processes are overseen by the Security Officer and Privacy Officer.

For the period under review, forty-two (42) actual or potential privacy incidents were reported. They have all been investigated by the Program Integrity and Compliance Department. Thirty-eight (38) incidents were reviewed and considered by the SWMBH Breach Response Team which completed a Breach Risk Assessment Tool utilizing factors enumerated by the Federal Rules (45 CFR 164.402(2)) to assess the probability that the protected health information involved was compromised. The remaining four (4) incidents will be reviewed and considered during the next SWMBH Breach Response Team meeting. Breach *incidents are reported to the Board periodically during the Program Integrity and Compliance Program updates.* 

Of the thirty-eight (38) incidents assessed to date, zero were identified as rising to the level of a HIPAA breach and necessitating notification to the affected members and to the Office for Civil Rights (OCR).

5. Fail to establish with Plan members a clear contract of what may be expected from SWMBH including but not limited to their rights and protections.

EO Response: The SWMBH Member Handbook delineates what services are mandatory, optional, and alternative by Benefit Plan. It also states SWMBH's expectations of Providers in their Treatment of Plan Members. Ongoing Member education occurs via Newsletters and regular EO and Leadership attendance at the SWMBH Customer Advisory Council. Periodic newsletters are prepared and distributed that update changes or clarify information to educate Plan Members. At intake, members sign to acknowledge the handbook has been offered to them. There are no known Member complaints related to this topic for the period under consideration.

6. Fail to inform Plan members of this policy or to provide a grievance process to those plan members who believe that they have not been accorded a reasonable interpretation of their rights under this policy.

EO Response: The SWMBH Member Handbook delineates what issues are subject to complaints, grievance and appeals, as well as how to access the related processes. Member newsletters periodically reinforce this policy and how to file complaints, appeals and grievances. Participant CMH Customer Services representatives have been trained in their delegated roles and they receive ongoing oversight and monitoring from SWMBH. In addition, Customer Services, Provider Network Development, Clinical Quality, Compliance, and Quality Assurance and Program Integrity staff make periodic visits to affiliate CMHSPs and providers to monitor this as well. The SWMBH Customer Services Department completes, at a minimum, an annual complaint, grievance and appeal report that is provided to each Participant CMH for review, and annually to the SWMBH Board. The Treatment of Plan Members Policy is posted at SWMBH and reviewed in person with new staff by the EO. This Policy is available to all staff on the Shared Network Drive.

- 2. Retaliate against any staff member for expression of dissent.

- 4. Allow staff to be unprepared to deal with emergency situations.

#### Executive Limitations Monitoring to Assure Executive Performance May 14, 2021

Policy Number: BEL-004 Policy Name: Treatment of Staff Assigned Reviewer: Patrick Garrett

Purpose: To clearly define the Treatment of SWMBH staff.

**Policy:** With respect to the treatment of paid and volunteer staff, the EO shall not cause or allow conditions that are unfair, undignified, disorganized, or unclear.

#### Standards: Accordingly, the EO may not;

- 1. Operate without written personnel rules that:
  - a. Clarify rules for staff
  - b. Provide effective handling of grievances and
  - c. Protect against wrongful conditions such as nepotism and grossly preferential treatment for personal reasons.

EO Response: A SWMBH Staff Manual exists which a. clarifies rules for staff, b. provides for handling of grievances – termed "conflict resolution", and c. protects against the wrongful conditions listed above, as well as a welcoming mechanism for reporting and resolving allegations of these conditions. The manual was revised and reviewed by SWMBH Labor Counsel in January 2019 and is under current revision with projected review by SWMBH Labor Counsel in May 2021.

I have been vigilant toward and responsive to staff needs and concerns, particularly in the areas of fairness, dignity and safety as expressed in this Board directive. Formal orientation and onboarding, inclusive of a mandatory meeting with me, occurs for new staff. Enforcement of expectations related to level of effort, work product output and professional demeanor have been consistent. Staff is treated with dignity & respect and is not subjected to unsafe work environment or conditions. Compliance with this Executive Limitation is evidenced by the absence of any known Worker's Compensation claims, OSHA complaints, FMLA violation claims and the like. In the past year staff have been required to work remotely in accordance with state emergency orders for additional safety measures. SWMBH had no employee complaints filed with Human Resources during the review period. An Employee Assistance Program is provided for SWMBH staff at no expense to them and is regularly advertised to staff.

In June 2018, a Cultural Insights Survey conducted by an outside contractor, HRM Inc, was conducted to measure staff satisfaction and cultural engagement, this survey led to a project plan to improve employee engagement and satisfaction developed by Senior Leaders. Follow up "pulse" surveys were conducted in 2018 and 2019 with some significant improvements seen in most areas. In December 2019, another full Cultural Insights survey was conducted which showed significant improvement to staff satisfaction and engagement. In order to measure staff satisfaction and engagement during the pandemic additional "pulse" surveys were conducted in April and December 2020 which showed continued satisfaction and engagement in most areas. I continue to work with Senior Leadership and in consultation with Rose Street Advisors/HRM to improve upon these scores.

SWMBH has a Staff Handbook, that was updated with review by labor Counsel in January 2019, circulated to and available to staff. This Handbook has been reviewed in part at staff meetings, is available to all staff on the shared intranet portal and is provided upon hire and as revised with signature receipts on file. Independent Contractors are subject to the terms and conditions of their written Agreements. There have been no related staff or written complaints internally, nor to outside agencies to our knowledge.

We have specific Ends Metrics, departmental strategic imperatives, and performance tracking mechanisms which support organized and clear goals, objectives, responsibilities, and accountabilities in our fast-paced, complex environment. Mechanisms include but are not limited to production and review of management information reports, team meetings, and management deliberations and refinements.

Staff meetings occur a minimum of ten times per year, and include items on agency and regional financial status, Ends Metrics and Goal status, public policy developments, department reports, and major initiative updates. Staff meetings include nominal door prizes for attendees, including a monthly Lunch with Executive Officer (during non-pandemic times). This, in addition to monthly Birthday Bagels with Brad which now occurs virtually, provides ongoing, random, informal setting individual and small group interactions between me and staff.

2. Retaliate against any staff member for expression of dissent.

EO Response: No retaliation against any staff member has occurred for any reason including but not limited to an expression of dissent as evidenced by an absence of staff complaints to management, Human Resources or outside agencies in this regard. No staff member has been discriminated against in any shape or fashion for expressing an ethical dissent as evidenced by the absence of verbal or written complaints by staff either internal or to external agencies. Monthly staff meetings include a call for agenda items and views, and there is a HR-confidential question and issue submission process.

3. Fail to acquaint staff with the EO interpretation of their protections under this policy.

EO Response: This Policy has been reviewed at staff meeting and is prominently posted in the staff lounge. The EO personally covers this Policy and related information in a live meeting with all new staff as part of new employee orientation. This policy is posted at SWMBH, circulated and made available on the shared network drive, Intranet portal and to new staff. Related policies are on the shared network drive, and all staff have access to them. Staff is encouraged to raise personnel and operating policy questions and engage in dialogue amongst themselves, at staff meetings, with Human Resources and the Chief Administrative Officer. I have consistently considered human diversity in all dealings with staff, as evidenced by flexible yet consistent treatment; effective team relations; appropriate production and output; and consideration of staff needs and desires without sacrificing effectiveness or efficiency. This is evidenced by the absence of verbal or written complaints by staff related to diversity issues.

4. Allow staff to be unprepared to deal with emergency situations.

EO Response: Safety is an assigned role of Chief Administrative Officer and all staff are trained on safety plans during new employee orientation as well as periodic updates and refreshers at staff meetings. Emergency evacuation maps are centrally located in multiple places throughout the office to aid staff in the event of tornado, fire or bomb threat. Fire extinguishers and emergency lighting are available per commercial building code regulations. The Portage Fire Department inspects the premises twice per year to ensure there are no violations and to offer recommendations to the Chief Administrative Officer. SWMBH has a Business Continuity Plan as well as a committee chaired by a Senior Operations Specialist under the direction of the Chief Administrative Officer (Business Continuity and Safety Committee) that is responsible for continued staff training, drills and improvements. The Business Continuity Plan is reviewed and approved by the EO. SWMBH has a current Covid 19 Response Plan as required by the State of Michigan and the Chief Administrative Officer is responsible for its implementation.

The Board's direct inspector Mr. Garrett was provided with the staff contact information, this report and accompanying materials. He was invited to contact staff and to meet with the EO and Chief Administrative Officer.

For SWMBH Board Fiscal Year 2022 Budget Assumptions and Targets

> DRAFT 08/30/21 version 2

Sept 10, 2021

- Medicaid/Healthy Michigan Plan Rebasing: The basis for rate development is largely unchanged from the prior year
- Michigan budget process is expected to take awhile as the Governor and Legislature continue to be at odds. We are told not to expect anything till late summer early Fall.

### **Environmental Context**

- MI Health Link (Duals) through 12/31/22, though we hear it could be longer.
- Trends in Medicaid eligible are expected to be above the numbers from FY19 ( the year the actuary is using for rate development) but below FY20 due to how they were handled due to COVID-19

## FY 22 DHHS MODEL CHANGE AND QUESTIONS FOR RATE DEVELOPMENT

- Morbidity mix of eligibles in PIHP, the regions population mix by age/gender, program code, SMI, DDI, etc. compared to state
  - Treatment prevalence count more than one specific month of persons served (change from last year)
  - Staff shortage factor not determined yet, being discussed

# FY 2021 PROJECTED RESULTS & EFFECTS

#### Revised

- Projected FY21 Yearend: Internal Service Fund Balance \$5,013,844
- Projected FY21 Yearend: Medicaid Savings \$17,264,202 (Includes DCW Lapse)
- Prior Yearend FY20: Medicaid Savings \$12,440,043
- Total Risk Pool Projected \$34,721,143
- End the year positive
- These are preliminary estimates

### FY 2022 Budget Assumptions

- MDHHS has developed a new method they are requiring CMH's to follow to cost allocation and reporting. It is called the SCA (Standard Cost Allocation), it has been a very elaborate and challenging change for our CMH's.
- Target: Aggregate Medical Loss Ratio at 86% to 88% for Specialty Services
- Target: Aggregate Administrative Cost Ratio 9.0% or less for Specialty Services.
- Central Operations 4.% of Net Revenues or less.
- No CMH capitation formula adjustment(s) absent functionality scores/proofs or return on investment analyses

#### II. POLICY:

Monitoring Executive Officer, EO, performance is synonymous with monitoring organizational performance against Board policies on Ends and on Executive Limitations. Any evaluation of EO performance, formal or informal, may be derived from these monitoring data.

#### **III. STANDARDS:**

Accordingly,

- 1. The purpose of monitoring is to determine the degree to which Board policies are being fulfilled. Information that does not do this will not be considered to be monitoring.
- 2. A given policy may be monitored in one or more of three ways; with a balance of using all of the three types of monitoring:
  - a. Internal report: Disclosure of compliance information to the Board from the Executive Officer.
  - b. External report: Discovery of compliance information by a disinterested, external auditor, inspector or judge who is selected by and reports directly to the Board. Such reports must assess Executive Officer performance only against policies of the Board, not those of the external party unless the Board has previously indicated that party's opinion to be the standard.
  - c. Direct Board inspection: Discovery of compliance information by a Board Member, a Committee or the Board as a whole. This is a Board inspection of documents, activities or circumstances directed by the Board which allows a "prudent person" test of policy compliance.
- 3. Upon the choice of the Board, any policy can be monitored by any method at any time. For regular monitoring, however, each Ends and Executive Limitations policy will be classified by the Board according to frequency and method.
  - a. Internal
  - b. External

- c. Direct Inspection
- 4. Each November the Board will have a formal evaluation of the EO. This evaluation will consider monitoring data as defined here and as it has appeared over the calendar year.
- 5. The Executive Committee, (Chair, Vice Chair, and Secretary), will take data and information from the bulleted documents below upon which the annual performance of the EO will be evaluated. The overall evaluation consists of compliance with Executive Limitations Policies, Ends Interpretation and Ends Monitoring reports and supporting documentation, (as per the Board developed schedule), and follow through on Board requests, (what we ask for in subsequent meetings and what we want to see on the agendas). For the performance review the following should be documents given the Executive Committee at least one month prior, (October), to the Board EO evaluation, (November).
  - Minutes of all meetings
  - Ends Monitoring reports for the past year along with the Ends Interpretation for each Ends Monitoring report
  - Any supporting Ends documentation
  - Ends Monitoring Calendar
  - Other policies monitoring calendar
