

Planning for Your Loved One's Future:

Adolescent to adult transition work-
shop for professionals who work with
teens diagnosed with autism

Tuesday, August 27th 2019

9:00 a.m. to 3:00 p.m.

8:30 a.m. Registration

About this training

This workshop is designed for professionals who have/work with 13-18 year old children diagnosed with Autism. This workshop provides professionals with a roadmap and tools to help teens access appropriate services and supports in order to make a successful transition into adulthood.

Speaker

Dr. Suzi Naguib, is the director and founder of Sunfield Center for Autism, ADHD and Behavioral Health, an outpatient mental health center, and Sunfield Center Trainings. As a clinical psychologist with over 15 years of experience Dr. Naguib brings a first-hand understanding of the need for evidence-based treatments for children, adolescents and adults diagnosed with Autism, ADHD and Anxiety Disorders.

Training Objectives

This workshop provides an overview of the adolescent to adult transition planning process by focusing on the following key areas:

- Education
- Employment
- Daily living skills
- Health, finances, and
- Community involvement

Professionals will gain insight into the difficulties that adolescents with special needs typically face during this transition period, and will receive key information and guidance on available resources and services for adolescents/ adults with special needs.

TARGET AUDIENCE

MENTAL HEALTH
PROFESSIONALS, AND
PRACTITIONERS WORKING
WITH INDIVIDUALS WITH
AUTISM.
