Southwest Michigan Behavioral Health (SWMBH)

Strategic Plan 2022 – 2025

"An optimal quality of life in the community for everyone"

Confidential internal draft 8/26/22

#### Introduction

As SWMBH enters 2023, its tenth year of operations a reconsideration of strategic objectives and tactical actions for the period 2022-2025 based on past, present and future federal and state policy changes is necessary. These plans are based on the presumption of stability in Board Ends and their definitions which the Board is free to modify.

This 2022 – 2025 Strategic Plan is intended primarily for the Board and will drive downstream operational actions at SWMBH.

As is displayed above a long-standing construct for all healthcare efforts is The Quadruple Aim.

- Improved Patient Outcomes
- Improved Patient Experience
- Improved Provider Experience
  - Lower Cost of Care

While not organized strictly around these four concepts the SWMBH Strategic Plan reflects the letter and spirit of each.

The SWMBH Vision is *An Optimal Quality of Life in the Community for Everyone*. This statement reflects the commitment to access to quality services of the type, amount, scope, and duration most objectively likely to bring about maximum and stable improvements in the lives of persons served. Areas of attention include behavioral health, social determinants of health, physical health, societal functioning, and family unit permanency. Given its broadness referring to "Everyone" it denotes the regional commitment to effective community-based partnerships, population heath, and community safety for all not solely persons served.

SWMBH's roles as Regional Entity, state-designated Community Mental Health Entity and Prepaid Inpatient Health Plan grant it deep and broad roles, tasks and functions in community needs assessment and planning for mental health, intellectual and developmental disabilities, and substance use disorders; provider network adequacy; utilization management and the related required benefits management functions.

SWMBH benefits management functions are maintained centrally while some are delegated to member CMHSPs. SWMBH retains responsibility and accountability for all functions regardless the agency of record performing the function.

Historically and culturally the SWMBH region has dedicated itself to making the CMHSP and contracted clinical provider networks as accessible, effective, and efficient as possible. This component is even more critical to address, with the pressures on provider agencies due to the COVID-19 pandemic, clinical workforce shortages and increased need and demand for all services from all populations.

SWMBH has as an aspirational goal to be in the top 3 of 10 PIHPs in all areas where external publicly reported data is available. For almost ten years SWMBH has achieved this in most all categories. It must be said that SWMBH and member CMHSP achievements are a direct result of a dedicated and talented Board, dedicated and talented management and staff at SWMBH, and dedicated and talented management and staff at CMHSPs. These tight knit groups of individuals aligned to mutually committed goals has long set SWMBH favorably apart from similar organizations in Michigan and across the nation. Our culture of and commitment to shared deliberation and shared decision-making remains strong and must be continually nurtured.

Demonstration and Pilot projects for PIHPs and CMHSPs abound. Generally speaking SWMBH and our CMHSPs readily involve themselves in most all of these for growth and evolutionary reasons. One key example is *Certified Community Behavioral Health Clinics* with both Medicaid and non-Medicaid paths and implications. The Medicaid CCBHC Demonstration began in fiscal year 2022 at Integrated Services of Kalamazoo and St. Joe Community Mental Health and Substance Use Services. While the CCBHC contract is held by SWMBH the CCBHC Model expands roles and functions of CHMSPs with material overlap or boundary revisions for SWMBH and CMHSPs. SWMBH fully supports the CCBHC model, current CCBHC CMHSPs and expansion to ready and willing CMHSPs in our region. As evidence of this early on SWMBH created a CCBHC Coordinator position and a regional implementation governance structure with a steering committee of senior executives from SWMBH and CMHSPs and three committees: clinical/client flow; data/reporting; and finance each led by a SWMBH Director and populated by current Medicaid CCBHC Demonstration CMHSPs with an open door to SAMHSA CCBHC CMHSPs.

Foundational action SWMBH management took in 2021 and 2022 to poise SWMBH and the region for 2022 and beyond include but are not limited to 1. not renewing the National Committee for Quality Assurance Managed Behavioral Healthcare Organization Accreditation, 2. withdrawing from the MI Health Link Medicare-Medicaid Demonstration effective 1/1/23, 3. shedding rented space and expenses, 4. re-energizing its commitment to healthcare information exchange and healthcare data analytics, and 5. distributing millions of dollars in provider stability payments to avoid large scale provider exits or demises.

A key component of SWMBH's Mission is service to our CMHSPs. This takes many shapes from supporting their acquisition of skills in delegated managed care benefits management, and most importantly supporting their increasing effectiveness and efficiency as providers, their core Constitutional function invaluable to their communities and to persons served. While not always explicitly called out in this document the CMHSP-centric theme is embedded in all priorities and plans.

This Plan assumes a. that the SWMBH PIHP contract will be substantially unchanged by MDHHS in service area, populations served, roles, and behavioral health services covered, and b. that there will be no Board-authorized Mission or Market expansions as proposed by management several years ago. Should these assumptions be rendered false a fact-driven revision of the Strategic Plan will occur.

#### **Environmental Scan**

The Environmental Scan is a critical step in any planning process. Only through a thorough understanding of upstream policy & funding current realities and reasonably projecting future direction from Key Influencers can a learning organization align its fate to "where the puck will be" rather than where it is.

One can only describe the healthcare policy and practice environment since 2019 as fast-paced, unpredictable, and somewhat chaotic. Impacts from the COVID-19 pandemic are widely known, remain in force, and create stressors on individuals, agencies, and communities unlike those seen since the Great Depression. As many hope the COVID-19 public health emergency declaration will soon be lifted for legitimate reasons the negative impacts linger and, in many ways, drive current and future federal, state and interest group policy goals.

2022 is a non-presidential but still major federal and state election year with widely disparate party views and candidates. Recent Supreme Court rulings related to healthcare have disrupted

providers and patients and one may reasonably predict more Supreme Court action directly and indirectly effecting or reversing healthcare and related social issues.

This Strategic Plan will be reviewed against November 2022 federal and state election results and any presumed policy or funding alterations expected therefrom.

#### Federal

The single most health policy influencer is the federal government through Congressional action, executive branch regulations and oversight. The magnitude of the federal spend on healthcare of \$4.1 trillion in 2020 19.7% of national gross domestic product drives provider and patient behavior like no other influencer. Key Congressional Committees develop, refine, and seek passage of hundreds of health related Bills each year. Administration of healthcare policy and dollars in the civilian world largely emerges through the Department of health and Human Services (DHHS) Center for Medicare and Medicaid Services (CMS). Significant policy and funds flow from the federal Substance Abuse and Mental Health Services Administration also a part of DHHS.

Generally speaking the federal policy and funding environments and recent actions in both areas are quite favorable towards the public behavioral health system and this atmosphere is likely to continue beyond the 2022 Congressional elections and at least through the presidential election in 2024.

In April of 2022 CMS published its Behavioral Health Strategy. Federal policy and funding will align hereto as will Michigan policy and funding and ultimately SWMBH strategy and tactics.

Goal 1: Strengthen Equity and Quality in Behavioral Health Care

Goal 2: Improve access to substance use disorders prevention, treatment, and recovery services

Goal 3: Ensure effective pain treatment and management

Goal 4: Improve access and quality of mental health care and services

Goal 5: Utilize data for effective actions and impact on behavioral health

SAMHSA recently published its target topics for presumed fiscal year 2023 grant-making. Most all align to regional, SWMBH and CMHSP needs and thus may be revenue opportunity 2023-2025. Sample titles include Mental Health Awareness, Improving Transitions for Youth and Young Adults with Serious Mental Disorders, Promoting Integration of Primary and Behavioral Health Care, Mental Illness and Homelessness Reduction, Supported Employment, Law Enforcement and Behavioral Health Partnerships, Offender Reentry Program, and Residential Treatment for Pregnant and Postpartum Women.

The recent federal Center for Medicare and Medicaid Services Innovation Center Strategy Refresh identified the following Vision Strategic Objectives: Drive Accountable Care, Advance Health Equity, Support Innovation, Address Affordability and Partner to Achieve System Transformation.

In November 2021 the Center for Medicare and Medicaid Services Administrator Chiquita Brooks-LaSure published the Strategic Vison for Medicaid and the Children's Health Insurance Program (CHIP). Key elements included:

- Medicaid and CHIP provide essential healthcare coverage for over 80 million individuals and families including over 49% of America's children
- Medicaid is the largest payer for long term services and supports including Home and Community Based Services
- Strategic Priorities include Coverage & Access, Equity, and Innovation and Wholeperson Care
- Collecting, understanding, and using data is essential

CMH published in April 2022 the *Framework for Health Equity 2022-2032* creating a conceptual model and action plans for reducing racial and ethnic disparities in health services access, quality, and outcomes, goals we all share. The *Framework* Preamble says *"The CMS Framework for Health Equity provides a strong foundation for our work as a leader and trusted partner dedicated to advancing health equity, expanding coverage, and improving health outcomes. This includes strengthening our infrastructure for assessment, creating synergies across the health care system to drive structural change, and identifying and working together to eliminate barriers to CMS-supported benefits, services, and coverage for individuals and communities who are underserved or disadvantaged and those who support them."* 

Priorities include:

- Collect, Report, and Analyze Standardized Data
- Assess Causes of Disparities Within CMS Programs and Address Inequities in Policies and Operations to Close Gaps
- Build Capacity of Health Care Organizations and the Workforce to Reduce Health and Health Care Disparities
- Advance Language Access, Health Literacy, and the Provision of Culturally Tailored Services
- Increase All Forms of Accessibility to Health Care Services and Coverage

#### State of Michigan

Medicaid is a shared federal and state program for disable and/or persons in poverty with a federal cost share of 65%. Michigan Medicaid total spend is near \$14 billion per year. The

Michigan Department of Health and Human Services is the Medicaid single state agency and the key executive branch driver of healthcare operations. The Michigan legislature initiated policy and ultimately appropriates funds, subject to the assent of the Governor.

According to Mental Health America's 2022 Report Michigan has the following rankings amongst US states and territories:

- Overall Ranking: 18<sup>th</sup> from 15<sup>th</sup> 2021
- Adult Services: 18<sup>th</sup>
- Youth Services: 27<sup>th</sup>
- Prevalence of Mental Illness: 21<sup>st</sup>
- Access to Care: 25<sup>th</sup>
- Adults With Any Mental Illness: 20.32 %, 1,571,000 people, rank 22<sup>nd</sup>
- Adults With Substance Use Disorder in the Past Year: 7.56%, 585,000 people, rank 18<sup>th</sup>
- Adults With Serious Thoughts of Suicide: 4.61%, 357,000 people, rank 15<sup>th</sup>
- Youth With At Least One Major Depressive Episode in the Past year: 16.55%, 125,000 people, rank 37<sup>th</sup>
- Youth With Substance Use Disorder in the Ost Year: 3.98%, 30,000 people, rank 19<sup>th</sup>
- Youth With Severe Major Depressive Episode: 11.9%, 87,000 people, rank 29<sup>th</sup>
- Adults With Any Mental Illness Who Did Not Receive Treatment: 55.4%, 866,000 persons, rank 33<sup>rd</sup>
- Adults With Any Mental Illness Reporting Unmet Need: 26.8%, 419,000 persons, rank 36<sup>th</sup>
- Adults With Any Mental Illness Who Are Uninsured: 6.9%, 108,000 persons, rank 13<sup>th</sup>
- Adults With Cognitive Disability Who Could Not See a Doctor Due to Costs: 27.5%, 281,553 persons, rank 25<sup>th</sup>
- Youth With Major Depressive Episode Who Did Not Receive Mental Health Services: 59.7%, 74,000 people, rank 32<sup>nd</sup>
- Youth With Severe Major Depressive Episode Who Received Some Consistent Treatment: 30.4%, 26,000 people, rank 21<sup>st</sup>
- Children With Private Insurance That Did Not Cover Mental or Emotional Problems: 6.1%, 27,000 people, rank 16<sup>th</sup>
- Students Identified With Emotional Disturbance for an Individualized Education Program: 8.52%, 11,314 people, rank 22<sup>nd</sup>
- Mental Health Workforce Availability: 360:1, rank 22<sup>nd</sup>

While these are statewide findings, they generally align to observations in the SWMBH region and can help determine and deploy necessary resources.

In an April presentation to the SWMBH Board Farah Hanley the recently appointed MDHHS Chief Deputy for Health over the Behavioral and Physical Health and Aging Services Administration revealed that \$5 billion 16% of state funding flows to behavioral health with \$19 billion flowing to medical services. Further content included:

- DHHS prioritization on improving behavioral and physical health services
- DHHS having one voice related to adult physical and behavioral health services
- DHHS to improve on coordination and oversight of children's behavioral health services (driven by the recently settled KB v Lyon class action lawsuit)
- DHHS increased contract oversight and financial management (of Medicaid Health Plans and PIHPs)
- DHHS investments in workforce development and staffing
- DHHS establishment of a clinical review team
- Certified Community Behavioral Health Clinics as a major access and quality of care expansion
- DHHS intentional action on physical care and behavioral health care collaboration and coordination
  - $\circ$   $\,$  Nearly 68% of adults with mental illness have another medical condition
  - There is excessive and overwhelming demand for and use of state and private inpatient psychiatric hospitals and medical emergency departments resulting in poor care for all
- DHHS commitment to adhering to federal Home and Community Based Services regulations assuring greater decision-making and freedom for persons served
- DHHS establishment of a child welfare day treatment pilot
- DHHS establishment of various approaches to strengthening the healthcare workforce including but not limited to loan repayment programs, workforce development funds and mental health care for first responders
- DHHS expanded Medicaid care for moms and babies
- DHHS commitment to and resources for reducing racial and ethnic disparities in healthcare access and health status
- DHHS commitment to and resources for critical direct care worker shortages
- DHHS Goals of health Equity, Housing Stability and Food Security
- DHHS managing unwinding of the Covid-19 public health emergency and resultant avalanche of Medicaid redeterminations therefrom
- DHHS improve long term care supports and services
- DHHS strengthen Social Determinants of Health efforts
- DHHS active involvement in the Opioid Settlement resulting in \$766 million for the state and Michigan municipalities over 18 years to remediate negative impacts of the opioid crisis with 8 pillars of prevention, treatment, recovery, harm reduction, legal, pregnant/parenting, data, and equity. Note: SWMBH CEO has been appointed to the Opioid Advisory Commission under PA 84 of 2022.

Generally speaking the policy and funding environment at the state level is quite favorable to the public behavioral health system with the obvious exception of the threat to the behavioral health carveout. Attention to behavioral health issues – exacerbated by the pandemic and other influences – is genuine and mostly bipartisan. Examples from the Michigan fiscal year budget include:

- \$325 million for a new state psychiatric facility complex
- \$278 million to expand public and private behavioral health treatment capacity with \$58 million for expanded beds at Hawthorne the state youth psychiatric facility and \$270 million one-time grants for private inpatient psychiatric hospital capacity and \$220 million for community-based behavioral health services
- \$10 million for student loan reimbursement for behavioral health providers

The fiscal year 2023 MDHHS budget total is \$33.3 billion and with boilerplate language runs 195 pages. It is under review for planning purposes.

One variable which could bring material change to the way PIHPs are structured and to the delegated managed care function of utilization management is the DHHS pursuit of so-called Conflict Free Access & Planning. Stemming primarily from federal regulations on Home and Community Based Services (HCBS) the state may require strict divisions of labor inside or across agencies for assessment, person-centered planning, service authorizations and payment to providers. SWMBH and CMHSP representatives are actively monitoring and influencing thinking in these areas.

The ongoing years-long policy and legislative threats to the public behavioral health system and especially the threat to PIHPs cannot go unmentioned. Since well before the so-called Section 298 Pilots well-funded and legislator-friendly Health Plans have craved and sought an end to the behavioral health carve-out seeking the populations, services, and funds for themselves as top line growth and a bottom line improvement opportunity. Given that the status on related current Michigan Senate and House Bills and maneuvers changes regularly we will simply note here that the threats are ongoing, real, disrupt public and private agencies alike, exacerbate the public system struggles recruiting and retaining clinical and administrative staff, and trouble many persons served. We will openly acknowledge these facts and impacts and take conscious deliberate action to support Enrollees, Providers and Colleagues.

The depth and length of the threats to the public behavioral health system especially to the PIHPs have created and will continue to create PIHP and provider management and staff angst and turnover. SWMBH must do all it can to acknowledge and mitigate this reality amongst SWMBH staff, providers and persons served. To be specific we will remain focused and intentional on SWMBH staff retention, development, and advancement as well as CMHSP and other provider clinical and administrative staff support, satisfaction, and stability.

It appears that DHHS is considering and will decide the fate of the federal-state Demonstration known as MI Health Link into and beyond 2023. Approved by CMS through 2023 it is possible and perhaps probable that DHHS will announce the end of the Demonstration at 12/31/23. Any eventuality will have only minor impact on SWMBH since as noted elsewhere we are withdrawing from the MHL Demonstration at 12/31/22.

DHHS has begun the rebid process for the Medicaid Health Plan naming it MI Healthy Life Initiative. The RFP will be distributed in fall 2023 with a go live October 1, 2024, fiscal year 2025. With prior CMS approval DHHS can make many changes to Michigan's Medicaid managed care program including altering the scope of populations and services the Medicaid Health Plans manage, e.g., child welfare foster care youth, young adults aging out of child welfare, etc. The new MHP contracts can readily and without legislative action move specialty supports and services in full or in part from PIHPs to MHPs, making the rebid as dangerous or perhaps more so than the Senate and House approaches which by nature require much processing and compromise. It is true however that some modifications would require revisions to the Mental Health Code and/or Michigan Social Welfare Act. It is likely that DHHS will require statewidedness for all Plans rather than the regional approach in place and will likely use this process to reduce the number of MHPs from the current 12 to some lesser number. We will watch these disruptive, opportunistic, and perhaps threatening developments closely and adjust accordingly. Operational changes for SWMBH and for CMHSPs from this major transition will begin to occur when Medicaid Health Plan contractor winners for October 2025 are announced in winter or spring 2024.

Notably the Robert Wood Johnson Foundation State Heath Value and Strategies division in its August 2022 Toolkit for State Medicaid Agencies Medicaid Managed Care Procurements suggests the following cycle and timeline:

Phase 1: Strategic Procurement Planning 6-12 months in advance of release of RFP

Phase 2: Solicitation Development 306 months

Phase 3: Bid Review and Selection: 3-6 months

Phase 4: Contract Execution, Readiness Review, and Implementation 6-9 months

Michigan seems behind this ideal diligent timeline and thus likely to result in a flawed process and perhaps flawed determinations with a probability of losing Plan appeals and perhaps lawsuits over the loss of multi-billions in revenue adding more confusion, time, and uncertainty to the overall process.

Health Information Exchange (HIE) and Healthcare Data Analytics are foundational to all Quadruple Aim successes. In January 2022 the state of Michigan published its Health IT Roadmap and significant state and federal funds are devoted to HIE and HAD annually. The Roadmap calls for:

- Identify champions and empower leaders
- Enhance health data utility
- Work to address Michigan's digital divide
- Improve onboarding and technical assistance programs
- Protect public health
- Adopt standards for social care data fields

SWMBH and partner CMHSPs must continue to be at the forefront of investments in and effective use of healthcare data directly pointed towards achievement of strategic results related to proven enhancements in population health and individual health.

#### Other Policy Influencers

In addition to the well-funded high campaign contributor Medicaid Health Plans and their *Michigan Association of Health Plans* staff and *Community Mental Health Association* many groups and individuals are influential in policy development with the legislative and executive branches related to the public behavioral health system and their own objectives, most of which are contrary to the values and preferences of the public behavioral health system. Trade associations actively engaged include *Michigan Health and Hospital Association* and the *Michigan State Medical Society*. Multiple advocacy organizations are equally influential such as *ARC Michigan, National Alliance for Mental Illness, Mental Health America of Michigan*, and *Autism Alliance of Michigan*. To the extent possible SWMBH maintains open dialogue with the leaders of these organizations, surveillance of their views and actions, or both. This enhances our awareness of and response to known or presumed policy developments.

The Kennedy Forum is arguably among the top three national behavioral health public policy experts and influencers. Their most recent State Policy Forum Recommendations for all states are:

- Invest in Youth Mental Health
  - o Mental health screenings in school physicals
  - Prioritize Social-Emotional learning
  - o Incorporate mental health and substance use education into school curricula
  - o Reimburse schools for student mental health services
- Break Down Silos That Separate Mental Health from Physical Health
  - Require reimbursement for Collaborative Care Model
  - Pursue integration in Medicaid through Section 1115 Waivers
  - Train primary care doctors to screen and identify mental health and substance use disorders
  - Require specialized protocols for treating mental health and substance use disorders in emergency rooms
  - Support value-based payment models that reward good outcomes

- Implement a statewide Zero Suicide program
- Increase access to high-quality affordable treatment
  - Aggressively enforce mental health and addiction parity laws
  - Require health plans to cover full continuum of mental health and substance use disorder care and follow national clinical care standards
  - o Prohibit prior authorization requirements for lifesaving addiction treatment
  - Increase the number of diverse providers
- Advance equity by addressing Social Determinants of health
  - Build a comprehensive crisis response system for mental health and substance use disorders and suicide prevention through 988
  - Prioritize public health strategies for mental health and substance use disorders
  - Support the use of contingency management in addiction treatment
  - Invest in supportive services
  - o Decriminalize mental health and substance use disorders

Key findings from a very recent EPIC/MRA poll of Michigan voters indicate that:

- 55% of voters think things are going positively with people having access to affordable health care in Michigan.
- Voters cite out-of-pocket costs being too high as the biggest issue in Michigan's health care system.
- There's a consensus among voters that it's important to cover mental health care, but a majority think it's difficult to find providers.
- 59% of voters say the greatest barriers to mental health care are lack of coverage or out-of-pocket costs.
- Only 24% of Michigan voters think a public option would do a lot to reduce health care costs.
- Over 8-in-10 voters support expansion of mental health care and mental health prescription drugs for Michigan residents.

Key state legislators are also targets for maintenance of relations and educational communications. For years the SWMBH CEO has developed and maintained positive communications through multiple means including email, phone, live visits, and attendance at their fund raiser events. This will continue and be strengthened.

Cordial relations with senior and mid-level DHHS executives are similarly maintained. One cannot overestimate the value of receptive DHHS personnel. This will be continued and strengthened.

MHCA is a consortium of private residential and ambulatory behavioral health service providers. Their April 2022 CEO Report revealed the following priorities and insights.

• 47% of adults report negative mental health impacts from the COVID-19 pandemic

- 13% of adults used substances as a way to cope with the COVID-19 pandemic
- The top five priorities identified were
  - Training and retaining clinical staff
  - $\circ$   $\;$  Delivering the right treatment at the right time to the right person
  - Expanding access to services
  - Delivering evidenced-based care
  - Measuring clinical outcomes at the individual level
- While measurement-based care is identified as a core agency and clinician skill for future success only 16% have actually implemented it to some degree and over one third are not gathering patient-reported outcome measures at all
- The majority of organizations are collecting and intervening on Social Determinants of Health markers

#### SWOT- (Strengths, Weaknesses, Opportunities, Threats)

SWMBH has a number of strengths. Chief among them are high-performing CMHSPs and Providers, a diverse talented and committed management team and staff, and a solid roster of external subject matter experts used on an as needed basis.

SWMBH has challenges such as continually adjusting to the agency hybrid model of on-site and remote work balancing, returning to pre-eminence in Health Services Advisory Group External Quality review areas, and implementing well the plethora of new federal and state Demonstrations, Pilots, administrative changes, and information demands balancing roles and resources across SWMBH and component CMHSPs.

SWMBH has threats most prominently the existential threats mentioned elsewhere. In addition SWMBH as all agencies are threatened by staff departures and on the near horizon by retirements.

SWMBH has opportunities in the areas of excellence in new initiatives with CMHSPs such as Certified Community Behavioral Health Clinics, openness of some Medicaid Health Plans to increase collaborations on population health and integrated care, and in excelling in health information exchange and healthcare data analytics two key strategic pillars for any Plan and all CMHSPs.

#### Board-approved Ends Which Guide Strategy

- Quality of Life
  - Persons with intellectual & developmental disabilities, serious emotional disturbance, autism spectrum disorders, serious mental illness, and substance use disorders in the SWMBH region see improvements in their quality of life and maximize self-sufficiency, recovery, and family preservation
- Exceptional Care

- Persons and families served are highly satisfied with the services they receive
- Improved Health
  - Individual mental health, physical health and functionality are measured and improved
- Mission and Value Driven
  - CMHSPs and SWMBH fulfill their agencies' missions and support the value of the public behavioral health system
- Quality and Efficiency
  - The SWMBH region is a learning agency where quality and cost are measured, improved, and reported

#### Strategic Imperatives

- To support effective and efficient care with favorable behavioral and physical health outcomes for persons served and value for DHHS
  - Identify, install, train to, and monitor use of all required evidence-based assessment and clinical practices including but not limited to....X
  - Expand and monitor usage and documentation of person-centered planning, self-determination, independent facilitation, and related services
  - Monitor and assure adherence to Home and Community Based Services regulations and philosophy
  - Identify and remediate regional provider stresses imperiling their quality or existence
  - Qualify and codify regional approaches, roles and authorities for care collaboration, care coordination and complex care management based upon best practices as well as population- or Demonstration-driven requirements
  - Resource and empower agencies and departments to initiate collaboration
  - Enhance and expand the usage of healthcare data analytics, reports, alerts and interventions with providers and persons served to speed access to behavioral and physical health care, client engagement, provider support and care results
  - Design and implement care outcomes process, content, format, and reporting for all populations
  - Maximize appropriate use of effective tele-health services, documentation, and coding
  - Assure regional consistency in use and result of functional assessment tools & scores, level of care guidelines, application of evidence based practices and the avoidance of over-or under-utilization of services
- To effectively adopt, install, and expand Health Home Initiatives at all willing CMHSPs
  - Behavioral Health Homes
  - Opioid Health Homes

- Certified Behavioral Health Clinics, the most promising and likely widespread approach nation-wide
- To reinvigorate, document and implement deeper and broader regional Integrated Care and Population Health efforts synergizing the efforts and assets at SWMBH alongside the efforts and assets at CMHSPs
- To return SWMBH to top 3 of 10 PIHPs in 90% of objective, externally generated reports including but not limited to Health Services Advisory Group External Quality Reviews of Performance Measure Validation, Performance Improvement Project(s), and Managed Care Regulation Compliance
  - Assure consistency and proper documentation of delegated managed care functions
  - Elevate frequency of oversight & monitoring of delegated managed care functions
- To directly and indirectly support the state and participating municipalities in our region to achieve maximum effect and efficiency from Opioid Settlement funds and their remediation efforts
- To assure effective and efficient region-wide central and delegated Medicaid benefits management functions consistent with federal and state regulations
- To earn a minimum of 95% of the \$2.9 million at risk revenue beginning in 2023 for Performance Bonus Incentive Program, Opioid Health Homes and Certified Behavioral Health Clinics which once earned becomes local funds shared with CMHSPs
- To identify, participate in, and influence public policy thought leader awareness of and support for our shared values and goals
  - CEO and others to have regular contact with elected and appointed officials
  - CEO participation as gubernatorial appointee to Michigan Mental Health Diversion Council
  - CEO participation in Michigan Opioid Advisory Commission as appointee of House Democratic Leader Donna Lasinski
  - Active participation in *CMHAM* policy and legislative activities
  - Active engagement with related trade, professional advocacy association leaders and activities
- To enhance support for CMHSPs and their Provider role development goals upon request
  - Offer externally-facilitated CMH Planning Process
- To assure best practice approaches to SWMBH human capital management and the continued quest for maximum diversity, equity, and inclusion therefrom
- As a stretch strategy for regional distinction and revenue enhancement we will identify, consider and possibility pursue one or more SAMHSA Grants in 2023 2025

#### SWMBH Board Resolution v 8.4.22

Whereas United States Representative Fred Upton has diligently and ably served his House District 6 a diverse region that stretches from the shores of Lake Michigan all of Berrien, Cass, Kalamazoo, St. Joseph, and Van Buren counties, and most of Allegan County since 1986; and

Whereas from 2010 to 2016, Representative Upton was selected by his House colleagues to serve as Chairman of the Committee on Energy and Commerce a pivotal committee with jurisdiction over healthcare and other matters as well as oversight and investigations and under his leadership the Committee saw 202 legislative measures signed into law by the President; and

Whereas his successful support of individual and agency constituents such as *Integrated Services of Kalamazoo* and others championing physical and behavioral health needs and programs is unparalleled; and

Whereas over the decades he has served with distinction in numerous other federal, and state elected and appointed roles; and

Whereas he has a long history of Policy success in healthcare including but not limited to launching the 21<sup>st</sup> Century Cures initiative a bipartisan effort bringing researchers, industry, and patients together to speed up the discovery, development, and delivery of life-saving cures; and

Whereas he led the effort to ensure seniors keep access to their physicians and low-income children keep their insurance coverage through the Medicare Access and CHIP Reauthorization Acts, which permanently fixed the Medicare Sustainable Growth Rate, strengthened Medicare in the long-term, extended federal funding for community health centers, and extended the Children's Health Insurance Program covering approximately 100,000 children in Michigan; and

Whereas he has been the recipient of many awards and tributes recognizing his healthcare policy contributions including but not limited to the Detroit News Michiganian of the Year, the Rural Mental Health Outstanding Legislative Leader Award, and the Distinguished Community Health Champion Award; and

Whereas he has maintained focus, leadership, and results to combat prescription opioid abuse and address the heroin epidemic such as his instrumental role in securing passage of the Substance Use Disorder that Promotes Opioid Recovery and Treatment for Patients and Communities Act widely recognized as a rare and significant congressional effort to confront a single drug crisis in American history.

Therefore, Be it Resolved that the Southwest Michigan Behavioral Health Regional Entity Board and Management do hereby recognize Representative Fred Upton for his dedicated efforts and many consequential achievements impacting Southwest Michigan and the nation, and that we wish him health and happiness in the years subsequent to his retirement from Congress. Edward Meny, Chairman, Southwest Michigan Behavioral Health Board

#### I. PURPOSE:

To ensure Executive Officer performance is monitored and evaluated.

#### II. POLICY:

Monitoring Executive Officer, EO, performance is synonymous with monitoring organizational performance against Board policies on Ends and on Executive Limitations. Any evaluation of EO performance, formal or informal, may be derived from these monitoring data.

#### **III. STANDARDS:**

Accordingly,

- 1. The purpose of monitoring is to determine the degree to which Board policies are being fulfilled. Information that does not do this will not be considered to be monitoring.
- 2. A given policy may be monitored in one or more of three ways; with a balance of using all of the three types of monitoring:
  - a. Internal report: Disclosure of compliance information to the Board from the Executive Officer.
  - b. External report: Discovery of compliance information by a disinterested, external auditor, inspector or judge who is selected by and reports directly to the Board. Such reports must assess Executive Officer performance only against policies of the Board, not those of the external party unless the Board has previously indicated that party's opinion to be the standard.
  - c. Direct Board inspection: Discovery of compliance information by a Board Member, a Committee or the Board as a whole. This is a Board inspection of documents, activities or circumstances directed by the Board which allows a "prudent person" test of policy compliance.
- 3. Upon the choice of the Board, any policy can be monitored by any method at any time. For regular monitoring, however, each Ends and Executive Limitations policy will be classified by the Board according to frequency and method.
  - a. Internal
  - b. External

- c. Direct Inspection
- 4. Each November the Board will have a formal evaluation of the EO. This evaluation will consider monitoring data as defined here and as it has appeared over the calendar year.
- 5. The Executive Committee, (Chair, Vice Chair, and Secretary), will take data and information from the bulleted documents below upon which the annual performance of the EO will be evaluated. The overall evaluation consists of compliance with Executive Limitations Policies, Ends Interpretation and Ends Monitoring reports and supporting documentation, (as per the Board developed schedule), and follow through on Board requests, (what we ask for in subsequent meetings and what we want to see on the agendas). For the performance review the following should be documents given the Executive Committee at least one month prior, (October), to the Board EO evaluation, (November).
  - Minutes of all meetings
  - Ends Monitoring reports for the past year along with the Ends Interpretation for each Ends Monitoring report
  - Any supporting Ends documentation
  - Ends Monitoring Calendar
  - Other policies monitoring calendar

#### Executive Limitations Monitoring to Assure Executive Performance Board Meeting: August 12, 2022

#### Policy Number: BEL-002 Policy Name: Financial Conditions Assigned Reviewer: Louie Csokasy

**Purpose:** The Executive Officer shall not cause or allow financial planning for any fiscal year or the remaining part of any fiscal year to deviate materially from the Board's Ends priorities, risk financial jeopardy, or fail to be derived from a budget plan.

**Policy:** With respect to the actual, ongoing condition of the organization's financial health, the Executive Officer may not cause or allow the development of fiscal jeopardy or the material deviation of actual expenditures from Board priorities established in policies.

This report addresses fiscal year 2021, October 1, 2020 to September 30, 2021. As expected, any material exceptions noted after September 30, 2021 to close of current year would be provided to the Board regardless of the reporting period.

#### Standards: Accordingly, the EO may not;

1. Expend more funds than have been received in the fiscal year to date, (including carry forward funds from prior year), unless the Board's debt guideline is met.

EO Response: SWMBH has not expended more funds than have been received for the reviewed fiscal year.

In fiscal year 2020, October 1, 2020 to September 30, 2021, SWMBH received gross revenues, (all types), of \$322,598,890 million. Expenses during the period, (all types), were \$301,353,093 million and a favorable difference of \$21,245,797 million.

Please see 2021 Financial Audit as presented to the Board in May for a detailed breakdown by contract/business line/funding streams. Recall that Medicaid and Medicaid-Healthy Michigan are entitlements with cost settled risk contracts with MDHHS. Substance Abuse Prevention and Treatment Block Grant and PA2 are not entitlements and are funded with a do-not-exceed grant contract from MDHHS.

2. Incur debt in an amount greater than can be repaid by certain and otherwise unencumbered revenues in accordance with Board approved schedule.

EO Response: SWMBH has incurred no debt obligations.

3. Use any designated reserves other than for established purposes.

EO Response: No designated reserve funds, (Internal Service Fund), have been used for any purpose other than that mentioned above. SWMBH has no other contractual or Board-designated reserves.

4. Conduct interfund shifting in amounts greater than can be restored to a condition of discrete fund balances by certain and otherwise unencumbered revenues within ninety days.

EO Response: No interfund shifting has occurred outside these parameters.

5. Fail to settle payroll and debts in a timely manner.

EO Response: Payroll has been paid in a timely manner as evidenced by payroll run reports and absence of staff complaints related thereto. Accounts Payable payment policy is 30 days. All invoices received and deemed accurate for payment were paid within this timeframe, on average 1200 invoices a year.

6. Allow tax payments or other government-ordered payments of filings to be overdue or inaccurately filed.

EO Response: Tax payments and other government-ordered payments tax returns have been timely and accurately filed. Tax filings are available upon request.

7. Fail to adhere to applicable Generally Acceptable Accounting standards.

EO Response: Per CFO all monthly financial statements were prepared and presented in accordance with generally accepted accounting principles. This was verified by external auditors via their clean opinion.

8. Make a single purchase or commitment of greater than \$100,000 in a fiscal year, except for participant CMH contracts and Region 4 Clinical Service Providers. Splitting orders to avoid this limit is not acceptable.

EO Response: No single purchase or commitment of greater than \$100,000 has occurred between October 1, 2020 and September 30, 2021. The EO interprets "purchase or commitment" as acquisition of a product or service which excludes a termination clause.

9. Purchase or sell real estate in any amount absent Board authorization.

EO Response: No real estate has been purchased. No real estate is owned.

10. Fail to aggressively pursue receivables after a reasonable grace period.

EO Response: Receivables largely include payments from MDHHS which are routine transmissions to us on a regular MDHHS-defined schedule. Immaterial receivables stem from contracts with other agencies who are invoiced promptly and pay promptly.

Materials available for Review: Fiscal Year 2021 External Audit and Financial Statements (provided at the May 13, 2022 Board meeting).

- 8. Make a single purchase or commitment of greater than \$100,000 in a fiscal year, except for participant CMH contracts and Region 4 Clinical Service Providers. Splitting orders to avoid this limit is not acceptable.
- 9. Purchase or sell real estate in any amount absent Board authorization.
- 10. Fail to aggressively pursue receivables after a reasonable grace period.

Executive Limitations Monitoring to Assure Executive Performance August 31, 2022

Policy Number: BEL-004 Policy Name: Treatment of Staff Assigned Reviewer: Ruth Perino

Purpose: To clearly define the Treatment of SWMBH staff. The Policy states that with respect to the treatment of treatment of paid and volunteer staff, the EO shall not cause or allow conditions that are unfair, undignified, disorganized, or unclear. Accordingly, standards state that the EO may not: Operate without written personnel rules that clarify rules for staff, provide effective handling of grievances and protect against wrongful conditions such as nepotism and grossly preferential treatment for personal reasons. According to policy, the EO, with respect to the treatment of paid and volunteer staff, shall not cause or allow conditions that are unfair, undignified, disorganized, or unclear. Personnel rules state that written rules must clarify rules for staff, provide effective handling of grievances and protect against wrongful conditions that are unfair, undignified, disorganized, or unclear. Personnel rules state that written rules must clarify rules for staff, provide effective handling of grievances and protect against wrongful conditions such as nepotism and grossly preferential treatment for personal reasons.

Every element of this Policy BEL-004 is addressed in a response from Brad Casemore in specific detail. Brad references the Staff Handbook, that was updated with review by labor Counsel in July 2021, circulated to and available to staff. He writes that this Handbook has been reviewed in part at staff meetings, is available to all staff on the shared intranet portal and is provided upon hire and as revised with signature receipts on file. Independent Contractors are subject to the terms and conditions of their written Agreements. There have been no related staff or written complaints internally, nor to outside agencies to our knowledge.

In addition, he notes specific Ends Metrics, departmental strategic imperatives, and performance tracking mechanisms which support organized and clear goals, objectives, responsibilities, and accountabilities.

In May 2022, another full Cultural Insights survey was conducted which showed significant improvement to staff satisfaction and engagement. They show an uptick in all levels of staff satisfaction. A few comments that suggested dissatisfaction were carefully addressed by Anne Wickham.

Having carefully read the handbook, reviewed Brad Casemore's responses to Policy Number BEL-004, read the survey and comments, and with the careful attention paid to our metrics standards and reporting to the board, this review finds that the EO and the Board is in compliance and that Policy BEL-004, Executive Limitations; Treatment of Staff, does not need revision.

- 4. Allow staff to be unprepared to deal with emergency situations.

### Executive Limitations Monitoring to Assure Executive Performance September 9, 2022

Policy Number: BEL-004 Policy Name: Treatment of Staff Assigned Reviewer: Ruth Perino

**Purpose:** To clearly define the Treatment of SWMBH staff.

**Policy:** With respect to the treatment of paid and volunteer staff, the EO shall not cause or allow conditions that are unfair, undignified, disorganized, or unclear.

#### Standards: Accordingly, the EO may not;

- 1. Operate without written personnel rules that:
  - a. Clarify rules for staff
  - b. Provide effective handling of grievances and
  - c. Protect against wrongful conditions such as nepotism and grossly preferential treatment for personal reasons.

EO Response: A SWMBH Staff Manual exists which a. clarifies rules for staff, b. provides for handling of grievances – termed "conflict resolution", and c. protects against the wrongful conditions listed above, as well as a welcoming mechanism for reporting and resolving allegations of these conditions. The manual was revised and reviewed by SWMBH Labor Counsel in July 2021 and redistributed to all staff in August 2021. All new staff are provided the SWMBH employee manual at orientation.

I have been vigilant toward and responsive to staff needs and concerns, particularly in the areas of fairness, dignity and safety as expressed in this Board directive. Formal orientation and onboarding, inclusive of a mandatory meeting with me, occurs for new staff. Enforcement of expectations related to level of effort, work product output and professional demeanor have been consistent. Staff is treated with dignity & respect and is not subjected to unsafe work environment or conditions. Compliance with this Executive Limitation is evidenced by the absence of any known Worker's Compensation claims, OSHA complaints, FMLA violation claims and the like. In the past year staff SWMBH had two(2) employee complaints filed with Human Resources during the review period, both were handled by Human Resources and did not rise to the Executive Officer level for review or remediation.

An Employee Assistance Program is provided for SWMBH staff at no expense to them and is regularly advertised to staff.

In June 2018, a Cultural Insights Survey conducted by an outside contractor, HRM Inc, was conducted to measure staff satisfaction and cultural engagement, this survey led to a project plan to improve employee engagement and satisfaction developed by Senior Leaders. Follow up "pulse" surveys were conducted in 2018, through 2021 with some significant improvements seen in most areas. In May 2022, another full Cultural Insights survey was conducted which showed significant improvement to staff satisfaction and engagement. I continue to work with Senior Leadership and in consultation with Rose Street Advisors to improve upon and/or maintain these scores.

SWMBH has a Staff Handbook, that was updated with review by labor Counsel in July 2021, circulated to and available to staff. This Handbook has been reviewed in part at staff meetings, is available to all staff on the shared intranet portal and is provided upon hire and as revised with signature receipts on file. Independent Contractors are subject to the terms and conditions of their written Agreements. There have been no related staff or written complaints internally, nor to outside agencies to our knowledge.

We have specific Ends Metrics, departmental strategic imperatives, and performance tracking mechanisms which support organized and clear goals, objectives, responsibilities, and accountabilities in our fast-paced, complex environment. Mechanisms include but are not limited to production and review of management information reports, team meetings, and management deliberations and refinements.

Staff meetings occur a minimum of ten times per year, and include items on agency and regional financial status, Ends Metrics and Goal status, public policy developments, department reports, and major initiative updates. Staff meetings include nominal door prizes for attendees, including a monthly Lunch with Executive Officer. This, in addition to random activities planned through the SWMBH Employee Engagement Committee allows for informal interactions between me and staff.

2. Retaliate against any staff member for expression of dissent.

EO Response: No retaliation against any staff member has occurred for any reason including but not limited to an expression of dissent as evidenced by an absence of staff complaints to management, Human Resources or outside agencies in this regard. No staff member has been discriminated against in any shape or fashion for expressing an ethical dissent as evidenced by the absence of verbal or written complaints by staff either internal or to external agencies. Monthly staff meetings include a call for agenda items and views, and there is a HR-confidential question and issue submission process. 3. Fail to acquaint staff with the EO interpretation of their protections under this policy.

EO Response: This Policy has been reviewed at staff meeting and is prominently posted in the staff lounge. The EO personally covers this Policy and related information in a live meeting with all new staff as part of new employee orientation. This policy is posted at SWMBH, circulated and made available on the shared network drive, Intranet portal and to new staff. Related policies are on the shared network drive, and all staff have access to them. Staff is encouraged to raise personnel and operating policy questions and engage in dialogue amongst themselves, at staff meetings, with Human Resources and the Chief Administrative Officer. I have consistently considered human diversity in all dealings with staff, as evidenced by flexible yet consistent treatment; effective team relations; appropriate production and output; and consideration of staff needs and desires without sacrificing effectiveness or efficiency. This is evidenced by the absence of verbal or written complaints by staff related to diversity issues.

4. Allow staff to be unprepared to deal with emergency situations.

EO Response: Safety is an assigned role of Chief Administrative Officer and all staff are trained on safety plans during new employee orientation as well as periodic updates and refreshers at staff meetings. Emergency evacuation maps are centrally located in multiple places throughout the office to aid staff in the event of tornado, fire or bomb threat. Fire extinguishers and emergency lighting are available per commercial building code regulations. The Portage Fire Department inspects the premises twice per year to ensure there are no violations and to offer recommendations to the Chief Administrative Officer. SWMBH has a Business Continuity Plan under the direction of the Chief Administrative Officer who is responsible for continued staff training, drills and improvements. The Business Continuity Plan is reviewed and approved by the EO. SWMBH has a current Covid 19 Response Plan as required by the State of Michigan and the Chief Administrative Officer is responsible for its implementation.

The Board's direct inspector Mrs. Perino was provided with the staff contact information, this report and accompanying materials. She was invited to contact staff and to meet with the EO and Chief Administrative Officer.

#### Policy

- The Executive Officer (EO) shall not cause or allow any practice, activity, decision, or organizational circumstance, which is either illegal, imprudent or in violation of commonly accepted business and professional ethics or in violation of contractual obligations.
- 2) The EO is accountable to the board acting as a body. The board will instruct the EO through written policies or directives consistent with board policies, delegating to the EO the interpretation and implementation of those policies and Ends.

#### Executive Officer Response

- 1) The EO has not caused or allowed any practice, activity, decision, or organizational circumstance, which is either illegal, imprudent, in violation of commonly accepted business and professional ethics, or in violation of contractual obligations. This is evidenced by the absence of evidence or complaint of any of the above to the Executive Officer, Chief Financial Officer, Chief Compliance Officer or Board via Executive Officer self-report, by internal or external reviewers, staff, auditors, or authorities. Ongoing monitoring and surveillance of SWMBH and performance by the EO, SWMBH staff and SWMBH contractors exists, with frequent cross-agency and cross-functional assignments and reports. This strengthens the avoidance and early detection of anything that is or could go amiss.
- 2) The board has instructed the EO clearly and diligently through written policies or formal directives consistent with board policies. The EO interpretation and implementation of those policies and Ends has relied on ongoing monitoring and reporting to the Board, periodic formal consideration of the Environmental Scan, Strategic Plan, Board Ends, Ends Interpretations and Metrics status. This is evidenced by ongoing Board review of specific Executive Limitations Board Policies, regular reports to the Board, and frequent interactions with the Board by other Senior Leaders as well as Board Meeting Minutes.

This certificate is issued as a matter of information only and confers no rights upon the certificate holder unless amended below.

| This certifies that | Southwest MI Behavioral Health | as a member of this |
|---------------------|--------------------------------|---------------------|
| Authority           |                                |                     |

has Blanket Faithful Performance Bond Protection in the amount of \_\_\_\_\_ One Million Dollars

(\$\_\_\_\_\_).

#### Blanket Faithful Performance Description of Protection

#### Fidelity

(1) The Scope of Loss Fund Protection includes loss caused to the member by conversion to personal use or through the failure of any of the employees, acting alone or in collusion with others, to perform faithfully his duties or to account properly for all monies and property received by virtue of his position or employment during the period of membership in the Authority, the amount of indemnity of each of such employees being the amount indicated on the Limits of Liability.

#### Section 2

#### **General Agreement-Loss Under Prior Bond**

- (1) If the protection of this provision is substituted for any prior coverage carried by the member which prior bond is terminated, cancelled or allowed to expire as of the time of such substitution, the member agrees that such agreement applies to loss sustained by, or caused to, the member, as the case may be, prior to or during the bond period, provided that such loss is discovered after the beginning of the period of membership and that such loss would have been recoverable by the member under such prior bond except for the fact that the time within which to bring suit, action or proceeding of any kind thereunder had expired, and provided further:
  - (a) The indemnity afforded by this agreement shall be a part of and not in addition to the limit afforded above;
  - (b) Such loss would have been covered under such insuring agreement had such insuring agreement with its agreements, conditions and limitations as of the time of such substitutions been in force when the acts or defaults causing such loss were committed;
  - (c) Recovery under this agreement on account of such loss shall in no event exceed the amount which would have been recoverable under such insuring agreement in the amount for which it is written as of the time of such substitution, had such insuring agreement been in force when such acts or defaults were committed, or the amount which would have been recoverable under such prior bond had such prior bond continued in force until the discovery of such loss if the latter amount be smaller.

#### Section 3

#### Definitions

(1) "Employee" means person while in the employ of the member during the period of membership. Section 4

#### Conditions

- (1) In case a loss is alleged to have been caused to the member through acts or defaults by an employee and the member shall be unable to designate the specific employee causing such loss, the member shall nevertheless have the benefit of this provision provided that the evidence submitted reasonably establishes that the loss was in fact caused by an employee through such acts or defaults and provided, further, that regardless of the number of such employees concerned or implicated in such loss, the aggregate liability for any such loss shall not exceed the limit of liability.
- (2) The limit of liability shall not be cumulative from year to year.
- (3) This provision shall be deemed to be cancelled as to any employee:
  - (a) Immediately upon discovery by the member of any act on the part of such employee which would constitute a liability under this provision covering such employee; or
  - (b) Upon the death, resignation or removal of such employee; or
  - (c) Upon termination of membership in the Authority.

Should the member indicated below withdraw from the Authority prior to the expiration date shown, the Authority shall notify the certificate holder in writing thirty (30) days in advance of such withdrawal, but failure to mail such notice shall impose no obligation or liability of any kind upon the Authority.

#### SECTION 3 ADDITIONAL COVERED PROPERTY AND LIMITS OF COVERAGE

#### **Current Wording**

#### E. DEBRIS REMOVAL

- 1. Debris removal coverage means the Member's expense to remove debris of covered property from the Member's premises caused by or resulting from a covered cause of loss that occurs during membership. These expenses will be paid only if they are reported to MMRMA within 180 days of the date of direct physical loss or damage or termination of membership, whichever is earlier.
- 2. Debris removal coverage does not apply to costs to extract **pollutants** from land or water or remove, restore or replace polluted land or water.
- 3. The most MMRMA will pay for debris removal, per **occurrence**, is the actual cost of removal to the limits of coverage for Debris Removal stated in the Coverage Overview.

#### Approved Wording

- E. DEBRIS REMOVAL
  - 1. Debris removal coverage means the Member's expense to remove debris of covered property from the Member's premises caused by or resulting from a covered cause of loss that occurs during membership. These expenses will be paid only if they are reported to MMRMA within 180 days of the date of direct physical loss or damage or termination of membership, whichever is earlier.
  - Debris removal coverage does not apply to costs to extract **pollutants** from Member covered property, land or water or remove, restore or replace polluted land or water.
  - 3. The most MMRMA will pay for debris removal, per **occurrence**, is the actual cost of removal to the limits of coverage for Debris Removal stated in the Coverage Overview.

#### **Current Wording**

#### H. FIRE OR EMERGENCY VEHICLES

- 1. Fire or emergency vehicles means the Member's self propelled motor vehicles used primarily for fire, medical emergency, or rescue services and which are designed and licensed for travel on public roads. The definition also includes the equipment routinely used for such services if the equipment is carried on or in the vehicle. Mobile equipment or law enforcement vehicles are not fire or emergency vehicles.
- 2. Each vehicle, and its maximum replacement value or **agreed amount**, must be on file with MMRMA.

Replacement valuation will apply only to Member Fire or Emergency vehicles with a model year that does not exceed fifteen (15) years at time of reporting. The most MMRMA will pay for any fire or emergency vehicle with a model year that exceeds fifteen (15) years is **agreed amount** or **actual cash value**.

- 3. If the Member actually replaces or repairs the vehicle, the most MMRMA will pay is either the actual replacement or repair cost, not to exceed the maximum replacement value or **agreed amount** for that specific vehicle on file with MMRMA. The most MMRMA will pay, per **occurrence**, is the limits of coverage for aggregate Fire or Emergency Vehicles stated in the Coverage Overview. If the Member does not replace or repair the vehicle, the most MMRMA will pay is the **actual cash value** of the vehicle immediately prior to the loss.
- 4. The Member may select **actual cash value** coverage for any or all of the Member's fire or emergency vehicles. If the Member does so, the most MMRMA will pay is the **actual cash value** of the vehicle.
- 5. MMRMA will pay for the rental of fire or emergency vehicles to replace temporarily a damaged or lost vehicle. The rental shall not exceed twelve (12) weeks and the weekly rate stated in the Coverage Overview. No Member deductible or self-insured retention shall apply to such rental.
- 6. MMRMA will not pay any loss or damage that is due to inadequate or improper maintenance, wear and tear, freezing, mechanical or electrical breakdown or failure.

#### Approved Wording

- 2. Each vehicle, and its maximum replacement value, as provided by Member or actual cash value, must be on file with MMRMA. Replacement valuation will apply only to Member Fire or Emergency vehicles with a model year that does not exceed fifteen (15) years at time of reporting. The most MMRMA will pay for any fire or emergency vehicle with a model year that exceeds fifteen (15) years is the actual cash value.
- 3. If the Member actually replaces or repairs the vehicle, the most MMRMA will pay is either the actual replacement or repair cost, not to exceed the maximum replacement value or actual cash value for that specific vehicle on file with MMRMA. The most MMRMA will pay, per occurrence, is the limits of coverage for aggregate Fire or Emergency Vehicles stated in the Coverage Overview. If the Member does not replace or repair the vehicle, the most MMRMA will pay is the actual cash value of the vehicle immediately prior to the loss.

#### **Approved Wording**

#### M. OTHER COVERED PROPERTY - LIMITS OF COVERAGE

The most MMRMA will pay for loss from a covered cause of loss, except as otherwise stated, per **occurrence**, for the other covered property listed in Items 1-8 below is the actual loss to the limits of coverage for Other Covered Property stated in the Coverage Overview. The limits apply separately to each covered property on an **occurrence** basis.

Other covered property is:

9. Unmanned aircraft

Unmanned aircraft means an aircraft that is not:

- a. designed,
- b. manufactured, or
- c. modified after manufacture

to be controlled directly by a person from within or on the aircraft;

and is not more than 55 pounds in total weight.

# **Current Wording**

# O. DAMS AND INLAND LAKE LEVEL CONTROLS

- 1. MMRMA will pay for the actual cost to repair or replace any loss or damage to a covered property from a covered cause of loss subject to the limits of coverage for **Member's** Dams as stated below.
- 2. Dams means any artificial barrier including appurtenant works, that impounds, diverts, or is designed to impound or divert water or a combination of water and any other liquid or material in the water; that is or will be when complete 6 feet or more in height; and that has or will have an impounding capacity at design flood elevation of 5 surface acres or more. Appurtenant works means the structure and machinery incident to or annexed to a dam that is built to operate and maintain a dam, including spillways, either in a dam or separate from the dam; lower level outlet works; and water conduits such as tunnels, pipelines, or penstocks, located either through the dam or through the abutments of the dam.
- 3. Inland lake means a natural or artificial lake, pond, impoundment, or a part of one of those bodies of water. Inland lake does not include the Great Lakes or Lake St. Clair. A dam used to regulate or maintain the level of an inland lake means an artificial barrier, structure, or facility and appurtenant works.
- 4. Dam does not mean:
  - a. storage or processing tank or standpipe constructed of steel or concrete;
  - b. dikes, embankments including earthen or any other material; or
  - c. dug pond where there is no impoundment of water or waste materials containing water at levels above adjacent natural grade levels.
- 5. The most MMRMA will pay if the **Member** repairs or replaces the dam or inland lake level controls is the **replacement cost** provided by the **Member** and accepted by and on file with MMRMA up to a maximum of \$15,000,000 per occurrence. **Member** is not required to provide appraisal of inland lake level controls valued with a **replacement cost** less than \$250,000.
- 6. The most MMRMA will pay if **Member** does not provide **replacement cost** is the **actual cash value** or agreed amount provided by the **Member** and accepted by and on file with MMRMA of the dam or inland lake level controls immediately prior to loss or damage.

## **Approved Wording**

- 5. The most MMRMA will pay if the **Member** repairs or replaces the dam or inland lake level controls is the **replacement cost** provided by the **Member** and accepted by and on file with MMRMA up to a maximum of \$15,000,000 per occurrence.
- 6. Member is required to provide appraisal of all dams and inland lake level controls valued with a replacement cost greater than \$250,000.
   The most MMRMA will pay if Member does not provide replacement cost is the actual cash value of the dam or inland lake level controls immediately prior to loss or damage.

## **Approved Wording**

# P. GOLF COURSE GREENS

MMRMA will pay for the actual cost to repair or replace any loss or damage from a **named cause** of loss to golf course greens owned by the Member.

#### MICHIGAN MUNICIPAL RISK MANAGEMENT AUTHORITY LIABILITY AND MOTOR VEHICLE PHYSICAL DAMAGE COVERAGE DOCUMENT

# SECTION 2 EXCLUSIONS

# **Current Wording**

- X. Communicable Disease: This Exclusion shall apply to any loss, damage, liability, compensation, injury, sickness, disease, death, medical payment, defense cost, cost, expense, or any other amount incurred by or accruing directly or indirectly, originating from, caused by, contributed to by, resulting from, arising out of, or in connection, or any nature whatsoever caused by, arising out of, related to, or resulting from, directly or indirectly, in whole or in part:
  - 1. Any Communicable Disease or the fear or threat (whether actual or perceived) of a Communicable Disease regardless of any other cause or event contributing concurrently or in any sequence thereto. As used herein, a Communicable Disease includes, but is not limited to, a virus, bacterium, pathogen, fungus, parasite, or other microorganism or any variation thereof, whether deemed living or not, that induces or is capable of inducing physical distress, illness, disease, or can cause or threaten damage to human health or human welfare,
  - 2. Any action or inaction of any **Member** or any action or order of a governmental representative, authority, or agency undertaken to control, prevent, suppress, mitigate, test for, monitor, treat, or remediate the actual, suspected, or anticipated presence, existence, or transmission of any Communicable Disease; that actually or allegedly induces or is capable of inducing physical distress, illness, or disease.
  - 3. Any action or inaction of any **Member** or any action or order of a governmental representative, authority, or agency undertaken in response to any pandemic, or epidemic.
  - 4. This Exclusion applies even if claims against any **Member** allege negligence or other wrongdoing in the:
    - a. supervising, hiring, employing, training, or monitoring of others that may be infected with and spread a communicable disease, or
    - b. failure to report disease to authorities.

The addition of this exclusion does not imply that other Coverage Document provisions do not also exclude coverage for loss, damage, liability, compensation, injury, sickness, disease, death, medical payment, defense cost, cost, expense, or any other amount incurred by or accruing, directly or indirectly, originating from, caused by, contributed to by, resulting from, arising out of, in connection, or any nature whatsoever, caused by, arising out of, related to, or resulting from, directly or indirectly, in whole or in part, any Communicable Disease.

## Approved Wording

- X. Communicable Disease: This Exclusion shall apply to any loss, damage, liability, compensation, injury, sickness, disease, death, medical payment, defense cost, cost, expense or any other amount incurred by or accruing, directly or indirectly, originating from, caused by, contributed to by, resulting from, arising out of, or in connection, or any nature whatsoever caused by, arising out of, related to, or resulting from, directly or indirectly, in whole or in part:
  - 1. Any Communicable Disease or the fear or threat (whether actual or perceived) of a Communicable Disease regardless of any other cause or event contributing concurrently or in any sequence thereto. As used herein, a Communicable Disease includes, but is not limited to, a virus, bacterium, pathogen, fungus, parasite or other microorganism or any variation thereof, whether deemed living or not that induces or is capable of inducing physical distress, illness, disease, or can cause or threaten damage to human health or human welfare.
  - 2. Any action or inaction by a **Member** or any action by or order of a governmental representative, authority or agency undertaken to control, prevent, suppress, mitigate, test for, monitor, treat or remediate the actual, suspected, or anticipated presence, existence or transmission of any Communicable Disease; that actually or allegedly induces or is capable of inducing physical distress, illness, or disease.
  - 3. Any action or inaction by a **Member** or any action by or order of a governmental representative, authority or agency undertaken in response to any pandemic or epidemic, as determined by the World Health Organization, U.S. Department of Health and Human Services and/or Centers for Disease Control and Prevention, including but not limited to COVID-19.
  - 4. This Exclusion applies whether or not claims against a **Member** allege negligence or other wrongdoing in the:
    - a. supervising, hiring, employing, training and/ or monitoring of others that may be infected with and spread a Communicable Disease, and/or
    - b. failure to report disease to authorities.

This Exclusion shall not apply to **bodily injury**, **property damage**, or **personal injury** arising from municipal health care services provided by a Member for: 1) the administration of an approved United States Food and Drug Administration vaccine and / or immunization; or 2) municipal health care services provided by a Member to test for Communicable Disease. For purposes of this exception, municipal health care services includes **wrongful acts** or medical malpractice of a nurse; public or mental health operation or facility; paramedic; emergency medical service technician; law enforcement; or fire personnel.

## A. Introduction

The Michigan Municipal Risk Management Authority (hereinafter "MMRMA") is created by authority granted by the laws of the State of Michigan to provide risk financing and risk management services to eligible Michigan local governments. MMRMA is a separate legal and administrative entity as permitted by Michigan laws. **South West Michigan Behavioral Health** (hereinafter "Member") is eligible to be a Member of MMRMA. **South West Michigan Behavioral Health** agrees to be a Member of MMRMA and to avail itself of the benefits of membership.

**South West Michigan Behavioral Health** is aware of and agrees that it will be bound by all of the provisions of the Joint Powers Agreement, Coverage Documents, MMRMA rules, regulations, and administrative procedures.

This Coverage Proposal summarizes certain obligations of MMRMA and the Member. Except for specific coverage limits, attached addenda, and the Member's Self Insured Retention (SIR) and deductibles contained in this Coverage Proposal, the provisions of the Joint Powers Agreement, Coverage Documents, reinsurance agreements, MMRMA rules, regulations, and administrative procedures shall prevail in any dispute. The Member agrees that any dispute between the Member and MMRMA will be resolved in the manner stated in the Joint Powers Agreement and MMRMA rules.

#### B. Member Obligation - Deductibles and Self Insured Retentions

**South West Michigan Behavioral Health** is responsible to pay all costs, including damages, indemnification, and allocated loss adjustment expenses for each occurrence that is within the Member's Self Insured Retention (hereinafter the "SIR"). **South West Michigan Behavioral Health's** SIR and deductibles are as follows:

# Table I

## Member Deductibles and Self Insured Retentions

| COVERAGE                  | DEDUCTIBLE             | SELF INSURED<br>RETENTION |
|---------------------------|------------------------|---------------------------|
| Liability                 | N/A                    | State Pool Member         |
| Vehicle Physical Damage   | \$250 Per Vehicle      | State Pool Member         |
| Fire/EMS Replacement Cost | N/A                    | N/A                       |
| Property and Crime        | \$1,000 Per Occurrence | N/A                       |
| Sewage System Overflow    | N/A                    | N/A                       |

The member must satisfy all deductibles before any payments are made from the Member's SIR or by MMRMA.

The South West Michigan Behavioral Health is afforded all coverages provided by MMRMA, except as listed below:

- 1. Sewage System Overflow
- 2. Specialized Emergency Response Expense Recovery Coverage
- 3.
- 4.

All costs including damages and allocated loss adjustment expenses are on an occurrence basis and must be paid first from the Member's SIR. The Member's SIR and deductibles must be satisfied fully before MMRMA will be responsible for any payments. The most MMRMA will pay is the difference between the Member's SIR and the Limits of Coverage stated in the Coverage Overview.

**South West Michigan Behavioral Health** agrees to maintain the Required Minimum Balance as defined in the Member Financial Responsibilities section of the MMRMA Governance Manual. The Member agrees to abide by all MMRMA rules, regulations, and administrative procedures pertaining to the Member's SIR.

# C. MMRMA Obligations - Payments and Limits of Coverage

After the Member's SIR and deductibles have been satisfied, MMRMA will be responsible for paying all remaining costs, including damages, indemnification, and allocated loss adjustment expenses to the Limits of Coverage stated in Table II. The Limits of Coverage include the Member's SIR payments.

The most MMRMA will pay, under any circumstances, which includes payments from the Member's SIR, per occurrence, is shown in the Limits of Coverage column in Table II. The Limits of Coverage includes allocated loss adjustment expenses.

## Annual Aggregate Limit of Liability

| Member Aggregate | All Members Aggregate |
|------------------|-----------------------|
| \$2,000,000      | \$17,500,000          |

The total liability of MMRMA shall not exceed \$2,000,000 per Member Aggregate Limit of Liability for coverages A, B, C, D, E, F, G, and H, in any Coverage Period.

The total Liability of MMRMA and MCCRMA shall not exceed \$17,500,000 for All Members Combined Aggregate Limit of Liability for coverages A, B, C, D, E, F, G, and H, in any Coverage Period.

It is the intent of MMRMA that the coverage afforded under the Subjects of Coverage be mutually exclusive. If however, it is determined that more than one Subject of Coverage applies to one coverage event ensuing from a common nexus of fact, circumstance, situation, event, transaction, or cause, then the largest of the applicable Deductibles for the Subjects of Coverage will apply.
