CONSENT TO SHARE BEHAVIORAL HEALTH INFORMATION

Michigan Department of Health and Human Services

Use this form to give or take away your consent to share information about your:

- Mental and behavioral health services. This will be referred to as "behavioral health" throughout this form.
- Diagnosis, referral, and treatment for an alcohol or substance use disorder. This will be referred to as "substance use disorder" throughout this form.

This information will be shared to help diagnose, treat, manage, and pay for your health needs.

Why This Form Is Needed

When you receive health care, your health care provider and health plan keep records about your health and the services you receive. This information becomes a part of your medical record. Under state and federal laws, your health care provider and health plan do not need your consent to share most types of your health information to treat you, coordinate your care, or get paid for your care. But they may need your consent to share your behavioral health or substance use disorder records.

Instructions

- To give consent, fill out Sections 1, 2, 3, and 4.
- To take away consent, fill out Sections 5.
- Sign the completed form, then give it to your health care provider. They can make a copy for you.
