Southwest Michigan Behavioral Health MHL Provider Frequently Asked Questions (FAQs)

- 1. What is changing for Behavioral Health providers and Community Mental Health Service Providers (CMHSPs) that are contracted with Southwest Michigan Behavioral Health (SWMBH) for MI Health Link (MHL)?** SWMBH is withdrawing from the MI Health Link demonstration project on 1/1/2023. Specifically, the Medicare Behavioral Health benefits and Medicaid Mild-Moderate Behavioral Health benefits for enrollees in the MI Health Link (MHL) project will be managed by Meridian and Aetna rather than SWMBH beginning 1/1/2023.
- 2. Which enrollees does this change apply to?** This change only applies to dual eligible enrollees with both Medicare and Medicaid who are also enrolled in the MI Health Link (MHL) project.
- 3. Here is a list of the MI Health Link (MHL) administrative functions that will be managed by Aetna and Meridian effective 1/1/2023. MHL Providers will work with Meridian and Aetna for these functions rather than SWMBH beginning 1/1/2023.**
 - a. Provider Network – Credentialing and Contracts for inpatient and outpatient providers
 - b. Utilization Management – Prior and Continuing Authorizations for Outpatient (Mental Health and Substance Use Disorder) Services, Psychological Testing & Inpatient Psychiatric Admissions
 - c. Customer Services – Grievance & Appeals, Customer Handbook & Newsletter
 - d. Finance – Claims submissions, encounter reporting
 - e. Quality – MHL-related auditing
- 4. What is the timeline for these changes?** The change is effective for Members and Providers 1/1/2023. It is imperative to establish credentialing, contracts, and processes with Aetna/Meridian prior to 1/1/2023 so Members do not lose their current providers.
- 5. How will Behavioral Health services provided to MHL members be impacted with this change?** SWMBH, Meridian and Aetna's shared goal is to create minimal impact on Members, which will rely heavily on the current MI Health Link provider network securing contracts with Meridian and/or Aetna.
- 6. Will current MHL providers/CMHSPs have to sign a new contract to continue serving the MHL population?** Yes. You will need a new contract with Aetna and/or Meridian to continue serving persons participating in the MI Health Link program on 1/1/2023. Aetna and Meridian are two separate managed care organizations. Therefore, if you work with several persons in the MI Health Link program – some of whom are covered by Aetna and others who are covered by Meridian – then you will have to secure new contracts with both Aetna and Meridian.
- 7. Who will Providers contact with a question or complaint regarding Behavioral Health?** Providers can reach out to SWMBH per their usual processes throughout the rest of 2022. Beginning 1/1/2023 Providers will reach out to Meridian/Aetna according to the contact information supplied in your new Meridian/Aetna contract packets.
