Purpose: To describe a clear method for notifying Customer Service when a claim is denied for payment for a Medicaid or Healthy consumer.

Scope: This procedure intends to assure consumers are notified when a claim for payment is denied that they may be financially obligated to pay so that they are afforded their Appeals rights under 42 CFR 438.404.

Procedure:

- A. Providers who are under contract with Southwest Michigan Behavioral Health are forbidden from balance billing a Medicaid or Healthy Michigan consumer for a claim that is denied.
- B. Claims that received from Non-network providers will be entered into the MCIS and processed through adjudication.
- C. Non-network providers who failed to obtain prior authorization will have their claims denied as per the adjudication rules.
- D. Upon denial of a non-network claim the claims processors will once weekly submit to the Customer Services Specialist a list of non-network claims that have denied for payment.
- E. The Customer Services Specialist will assure that Adverse Benefit Determination notices are mailed to the consumer address on file with proper information on the reason for claim denial and indicating the consumers appeals rights
