

Certified Community Behavioral Health Clinic (CCBHC) Services

CCBHC Overview

What is a CCBHC?

A CCBHC is a specially certified organization that provides coordinated and integrated mental health and substance use services. The CCBHC places a special emphasis on care coordination with community partners. This approach to care allows for the integration of physical and behavioral health services to ensure consumers get the best care possible.

How does CCBHC differ from existing mental health and substance use care?

CCBHCs are held to a high standard of care and must:

- Provide timely access to services to all that seek them, regardless of ability to pay or location of residence
- Offer 24/7 mobile crisis response
- Use a specific set of evidence-based practices
- Offer Medication-Assisted Treatment
- Coordinate care with other providers in the community
- Meet rigorous, nationally recognized, quality standards

Additionally, CCBHCs receive flexible funding to help support the expansion of services to new populations.

What services must CCBHCs provide?

CCBHC Sites are required to provide nine core services:

1. Crisis mental health services, including 24-hour mobile crisis teams, emergency crisis intervention services, and crisis stabilization.
2. Screening, assessment, and diagnosis, including risk assessment.
3. Patient-centered treatment planning or similar processes, including risk assessment and crisis planning.
4. Outpatient mental health and substance use services.
5. Outpatient clinic primary care screening and monitoring of key health indicators and health risk.
6. Targeted case management.
7. Psychiatric rehabilitation services.
8. Peer support and counselor services and family supports.
9. Intensive, community-based mental health care for members of the armed forces and veterans, particularly those members and veterans located in rural areas.

Designated Collaborating Organizations

- CCBHCs must provide all nine core services either directly or through sub-contracted providers.
- Sub-contracted providers under the CCBHC demonstration are called designated collaborating organizations (DCOs).

- DCOs can provide any of the nine core services and are treated as a “direct extension” of the CCBHC. In other words, DCOs are held to the same reporting and clinical standards as the CCBHC.
- DCO contracts are held between the CCBHC and chosen sub-contracted provider.

Who is eligible for CCBHC services?

- Any person with a mental health disorder, including all codes in the following ranges:
 - F01-F09: Mental disorders due to known physiological conditions
 - F20-F29: Schizophrenia, schizotypal, delusional, and other non-mood psychotic disorders
 - F30-F39: Mood [affective] disorders
 - F40-F48: Anxiety, dissociative, stress-related, somatoform and other nonpsychotic mental disorders
 - F50-F59: Behavioral syndromes associated with physiological disturbances and physical factors
 - F60-F69: Disorders of adult personality and behavior
 - F90-F98: Behavioral and emotional disorders with onset usually occurring in childhood and adolescence
 - F99-F99: Unspecified mental disorder
- Any person with a substance use disorder, including all codes in the following ranges:
 - F10-F19: Mental and behavioral disorders due to psychoactive substance use
- The mental health or SUD diagnosis does not need to be the primary diagnosis.
- Individuals with a dual diagnosis of intellectual disability/developmental disability are eligible for CCBHC services.

What is required for enrollment?

- All individuals that meet the eligibility criteria (stated above) will be pre-identified by MDHHS and auto enrolled in the CCBHC benefit plan in the CHAMPS system.
- Individuals that seek care at a CCBHC should be entered into the CCBHC WSA.
- There are no required documents for WSA enrollment.
- The CCBHC should attempt to obtain a signed MDHHS 5515 release of information form from the client to allow for proper care coordination. If obtained, that release form must be uploaded into the WSA for review. A MDHHS 5515 release of information form is not required for the client to receive CCBHC services.
- See the WSA job aid listed under Providers > Provider Documents > CCBHC > Documents for CCBHCs > WSA Enrollment/Disenrollment Job Aid

What is required for disenrollment?

A client can be recommended for disenrollment in the WSA for the follow reasons:

- Individual is deceased
- Individual was assigned to a CCBHC in error

Please note- An individual can choose to stop receiving services from a CCBHC at any point. They will remain eligible for the CCBHC benefit plan regardless of active service participation.

Who do individuals contact for CCBHC services?

Contact one of our regional CCBHC sites:

1. Integrated Services of Kalamazoo: (269) 373-6000 or (888) 373-6200
2. Community Mental Health and Substance Abuse Services of St. Joseph County: (269) 467-1000 or (800) 622-3967
